

*Effective within  
3 days &  
Rebirth of wellbeing in  
30 days*

**No.1  
Detox  
Product**

### Why do we need to detoxify our body?

Environmental pollution, hectic lifestyles, poor dietary habits and constant lack of exercise and sleep create a negative impact on our bodies causing our immune system to weaken and our digestive system to be strained.

Our inability to cleanse toxins built up in our body results in what is commonly known as “overnight waste”, as such we become lethargic and our stomach began to bloat. These toxins are re-absorbed by our intestines and re-introduced into our blood stream, damaging our health. Over time, we are burdened with illness, such as constipation, gastric problems, hepatic diseases, high blood pressure, diabetes, cancer, etc.

To resolve the problem, we can adopt lifestyle changes or consume natural detoxification products regularly to cleanse our body of toxic waste and to supplement our body with nutrients.

### You need to detoxify your body when you have following symptoms

- Facultative or habitual constipation
- Bloating feeling in the abdomen
- Water retention
- Bad breath and body odor
- Poor Immunity against sickness
- Poor quality of sleep
- Poor facial complexion, premature aging
- Poor appetite
- Constant fatigue, low energy
- Poor memory, mental dullness
- Constant exposure to unhealthy environment
- Smoking and excessive alcohol consumption

### Why is AVALON™ Aloe Multiple Detox so unique?

AVALON™ Aloe Multiple Detox is extracted and concentrated 100 times under room temperature from Aloe Barbadosensis, the Aloe Vera species with the highest medicinal value. It is then dried at -38° C to retain its bioactive essence. The active ingredients aid to expel body toxins out of the intestines, soften feces, stimulate rectum and colon, and induce intestinal movements, thus resulting in swift excretion of body wastes and toxins.

AVALON™ Aloe Multiple Detox is the ideal part of our daily requirement for a harmonious life. With Aloe Polysaccharide, vitamins and minerals, it aids in strengthening of digestive system, improving sleep quality and accelerating cells reproduction, thus improving overall physique. Dry skin, chloasma, freckles, pimples and other skin problems can also be rectified, leaving us with glowing complexion.

### Recommended Dosage

Take 1-2 capsules, 1-2 times daily. As body condition differs dosage should be adjusted to achieve going to the toilet 1-2 times a day.

#### Phase 1: Swift cleansing of body Toxins, 2-7 days

Take 2 capsules 1-2 hours before bedtime. If going to the toilet 1-2 times a day is not achieved, take additional 1-2 capsules in the morning before breakfast. If the reverse occurs, reduce the dosage.

#### Phase 2: Strengthening of digestive system, 2 weeks

Take 1-2 capsules daily. Dosage can be reduced as compared to phase 1.

#### Phase 3: Enhancement

Take 1 capsule daily to enhance detoxification process.

Detoxification is best achieved by repeating the entire treatment 2-3 times. Regular use of AVALON™ Aloe Multiple Detox is your first step to healthy living.

#### Caution:

Pregnant, breast-feeding women and children below 10 years old are advised to consult their doctor before taking AVALON™ Aloe Multiple Detox Capsules. Ladies are to suspend taking it during menstruation period.

### The benefits of AVALON™ Aloe Multiple Detox:

### No.1 Best-Selling Detox Product
